

Governing Body

Endeavour Academy is currently in its infancy and is part of the Apollo Schools Trust Academy of which Endeavour is currently the only Academy. As we are a very small provision, our Trustees act in the capacity of a Governing Body of which we currently have 5 members in total. This includes 1 staff member.

Their job is to;

Determine the strategic direction of the academy

To monitor and evaluate the performance of the academy

To ensure that the academy continues to succeed.
